

2014 Venza

The 2014 Venza.

It's the perfect mix of style and substance.

Style, innovation, versatility: Just some of the things that come standard with the 2014 Venza. This vehicle really is the total package. It's got bold styling and design. It's fun to drive and innovative. It's versatile with room for the whole family, plus plenty of cargo space for the over packers. It's all the handling, manoeuvrability and efficiency you need on four wheels.

We're proud to know fuel efficiency and performance are just some of the things you've come to expect from Toyota. And with available AWD on both the 4-cylinder and V6 engines, the Venza will take you anywhere you want to go.

Toyota's commitment to safety is demonstrated through our innovative Star Safety System™, and our dedication to reliability is proven by the fact that over 80% of Toyotas sold in Canada in the last 20 years are still on the road today*.

Just a few more reasons why you should get behind the wheel of a 2014 Venza.

FRONT COVER
Venza V6 AWD with
Limited Package shown in
Cosmic Grey Mica.

*Based on R. L. Polk Canadian Vehicles In Operation and new registrations MY 1993-2012 as of June 30, 2012.

Venza V6 AWD with Limited Package
shown in Blizzard Pearl.

Fresh thinking. It's our calling.

Venza kicks it up a notch with cutting-edge technology.

The 2014 Venza offers lots of fresh thinking that helps set it apart from other vehicles, all starting with innovation. It's packed with advanced technology designed to make your life easier.

From its vast list of standard features to its impressive high-tech components, Venza really does turn the drive into an experience – one you'll enjoy every kilometre of the way.

DISPLAY AUDIO SYSTEM
The Display Audio System features a 6.1-inch touch panel display with Bluetooth® wireless music streaming, and a unique "text-to-voice" feature that converts text messages from your phone into voice messages, which play through the vehicle's speaker system.

iPOD®/MP3 PLAYER HOLDER WITH USB PORT AND AUXILIARY AUDIO JACK
Dock your iPod® or MP3 player in the special holder in the centre console, then plug it in via the USB port and rock on.

MULTI-INFORMATION LCD DISPLAY
The Multi-Information LCD Display provides data such as climate control settings, outside temperature, fuel economy, trip information and other important details.

PANORAMIC MOONROOF
Go ahead, lay back and stare at the sky through the available power tilt/slide moonroof above the front seats and a panoramic glass roof above the rear seats. It's the closest to outdoor seating you'll get without sitting outdoors.

Flexible. Adaptable. Versatile.

Venza offers a world of possibilities.

Venza AWD with
XLE Package shown in
Magnetic Grey Metallic.

Whether you're picking up groceries, taking out the dog or going on a road trip with friends, Venza is up for anything. With space for 4 friends comfortably, your pack can travel in style. And with 1,990 litres (70.1 cubic feet) of cargo space, there's plenty of room for large items, such as luggage, beach gear or a stroller. Venza also comes with an optional power liftgate with jam protection, which makes packing for a trip a whole lot easier. It's versatility and convenience at its best. So whatever the day brings, Venza's more than equipped for the ride.

CARGO SPACE

With the pull of a latch, Venza's rear 60/40 split seats fold flat to reveal an impressive 1,990 litres (70.1 cubic feet) of cargo space. That's a whole lot of room!

BLACK LEATHER INTERIOR

Heighten your style with Venza's optional Black Leather Interior.

EXTRA STORAGE

Slide back the centre armrest to reveal a storage tray and a deep storage compartment. Under the sliding cupholder lid is another large storage compartment illuminated by LEDs, and complete with a 12 V auxiliary power outlet.

RECLINING REAR SEATS

Passengers sitting in the rear can have a truly luxurious trip with Venza's reclining seats. It takes 'sit back and relax' to a whole new level.

REAR SEAT VENTS

Venza's centre console comes complete with rear-facing vents, which are operated by the Dual Zone Climate Control system. This system also features an air filter that traps dust and other airborne particles.

All the road's a stage.

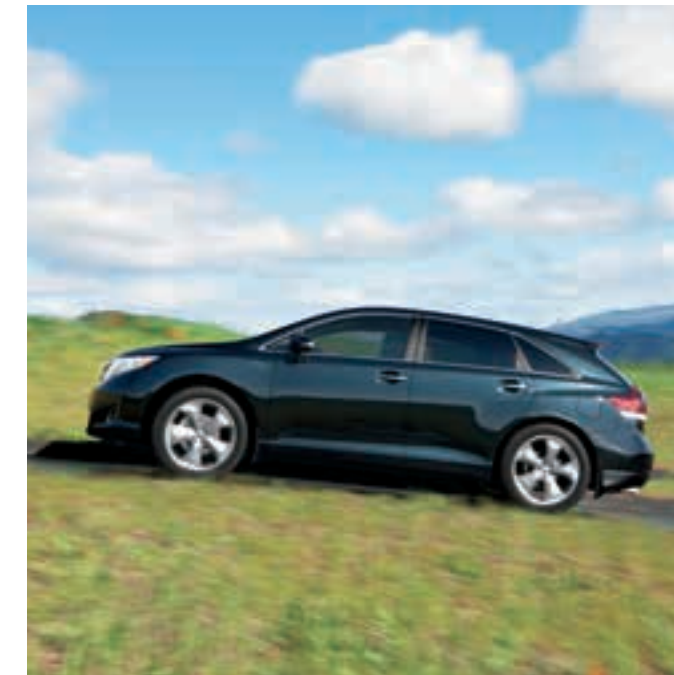

Venza's always ready to perform.

When it comes to your car, we know performance counts. Reliability, and handling are just some of the things you'll need for the road ahead. And with Venza's 4-cylinder and V6 engines, you're not only getting great fuel efficiency, you're getting a car that's ready for any road conditions. Venza's available All-Wheel Drive will help enhance traction,

no matter what the season or weather. And when it comes to manoeuvrability, Venza doesn't fall short. With a low centre of gravity you'll get surprisingly precise handling, which is pretty comforting whenever you're driving in a large city.

Venza V6 AWD with Limited Package shown in Cosmic Grey Mica.

HILL-START ASSIST CONTROL®

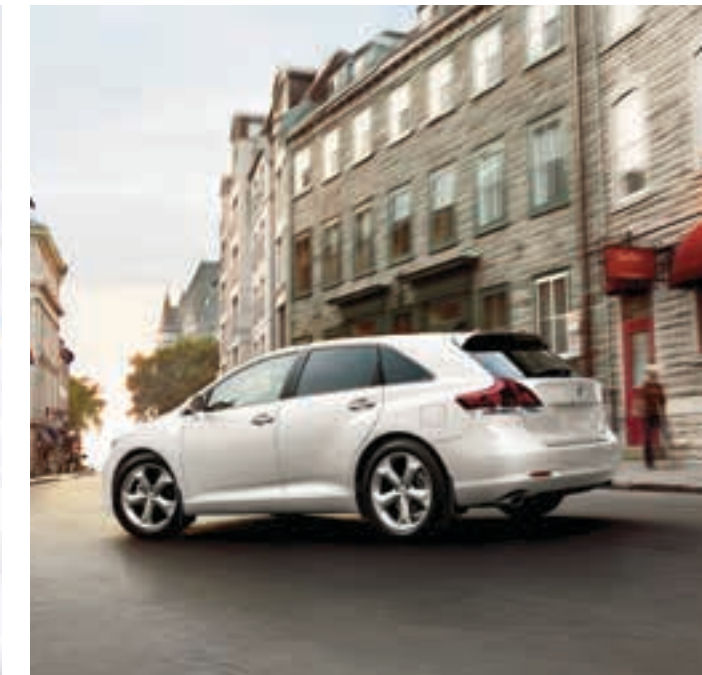

When accelerating from a standstill on an incline, Hill-start Assist Control® will help prevent the vehicle from rolling backward. Once activated, the system holds the brakes for approximately three seconds as the driver switches from the brake pedal to the accelerator.

Venza V6 AWD with Limited Package shown in Cosmic Grey Mica.

4-CYLINDER AND V6 ENGINES

Venza's 182 hp 4-cylinder and 268 hp V6 engines are connected to a 6-speed Super Electronically Controlled Transmission that helps manage the engine's power. This means Venza will always offer smooth, seamless shifts and excellent fuel efficiency.

ALL-WHEEL DRIVE (AWD) WITH ACTIVE TORQUE CONTROL

The available AWD with active torque control monitors each wheel and distributes the engine's power to the appropriate wheel at the appropriate time. This advanced technology helps to optimize traction on any surface, rain or shine.

Venza V6 AWD with Limited Package shown in Blizzard Pearl.

Drive with confidence.

Venza knows safety.

When it comes to building automobiles, safety is Toyota’s primary concern. That’s why Venza is loaded with a host of the most vital safety features to help protect occupants during front, rear and side impacts.

BACKUP CAMERA
Venza is available with a backup camera located above the rear licence plate. When in reverse, the camera displays the area behind the vehicle that’s visible to the camera on the Display Audio touch screen.

BLIND-SPOT CONVEX MIRRORS
The blind-spot convex mirrors extend your field of view on both the left and right side of the vehicle, allowing you to see if another car is approaching from either side.

AUTOMATIC HIGH BEAM SYSTEM
A sensor located behind the rear view mirror helps enhance visibility at night by detecting oncoming vehicles and depending on the circumstances, automatically switches your high beams off and on. (Limited w/Technology Package)

CRUMPLE ZONES
Front and rear energy-absorbing crumple zones and a collapsible steering column are designed to help dissipate impact force in a collision.

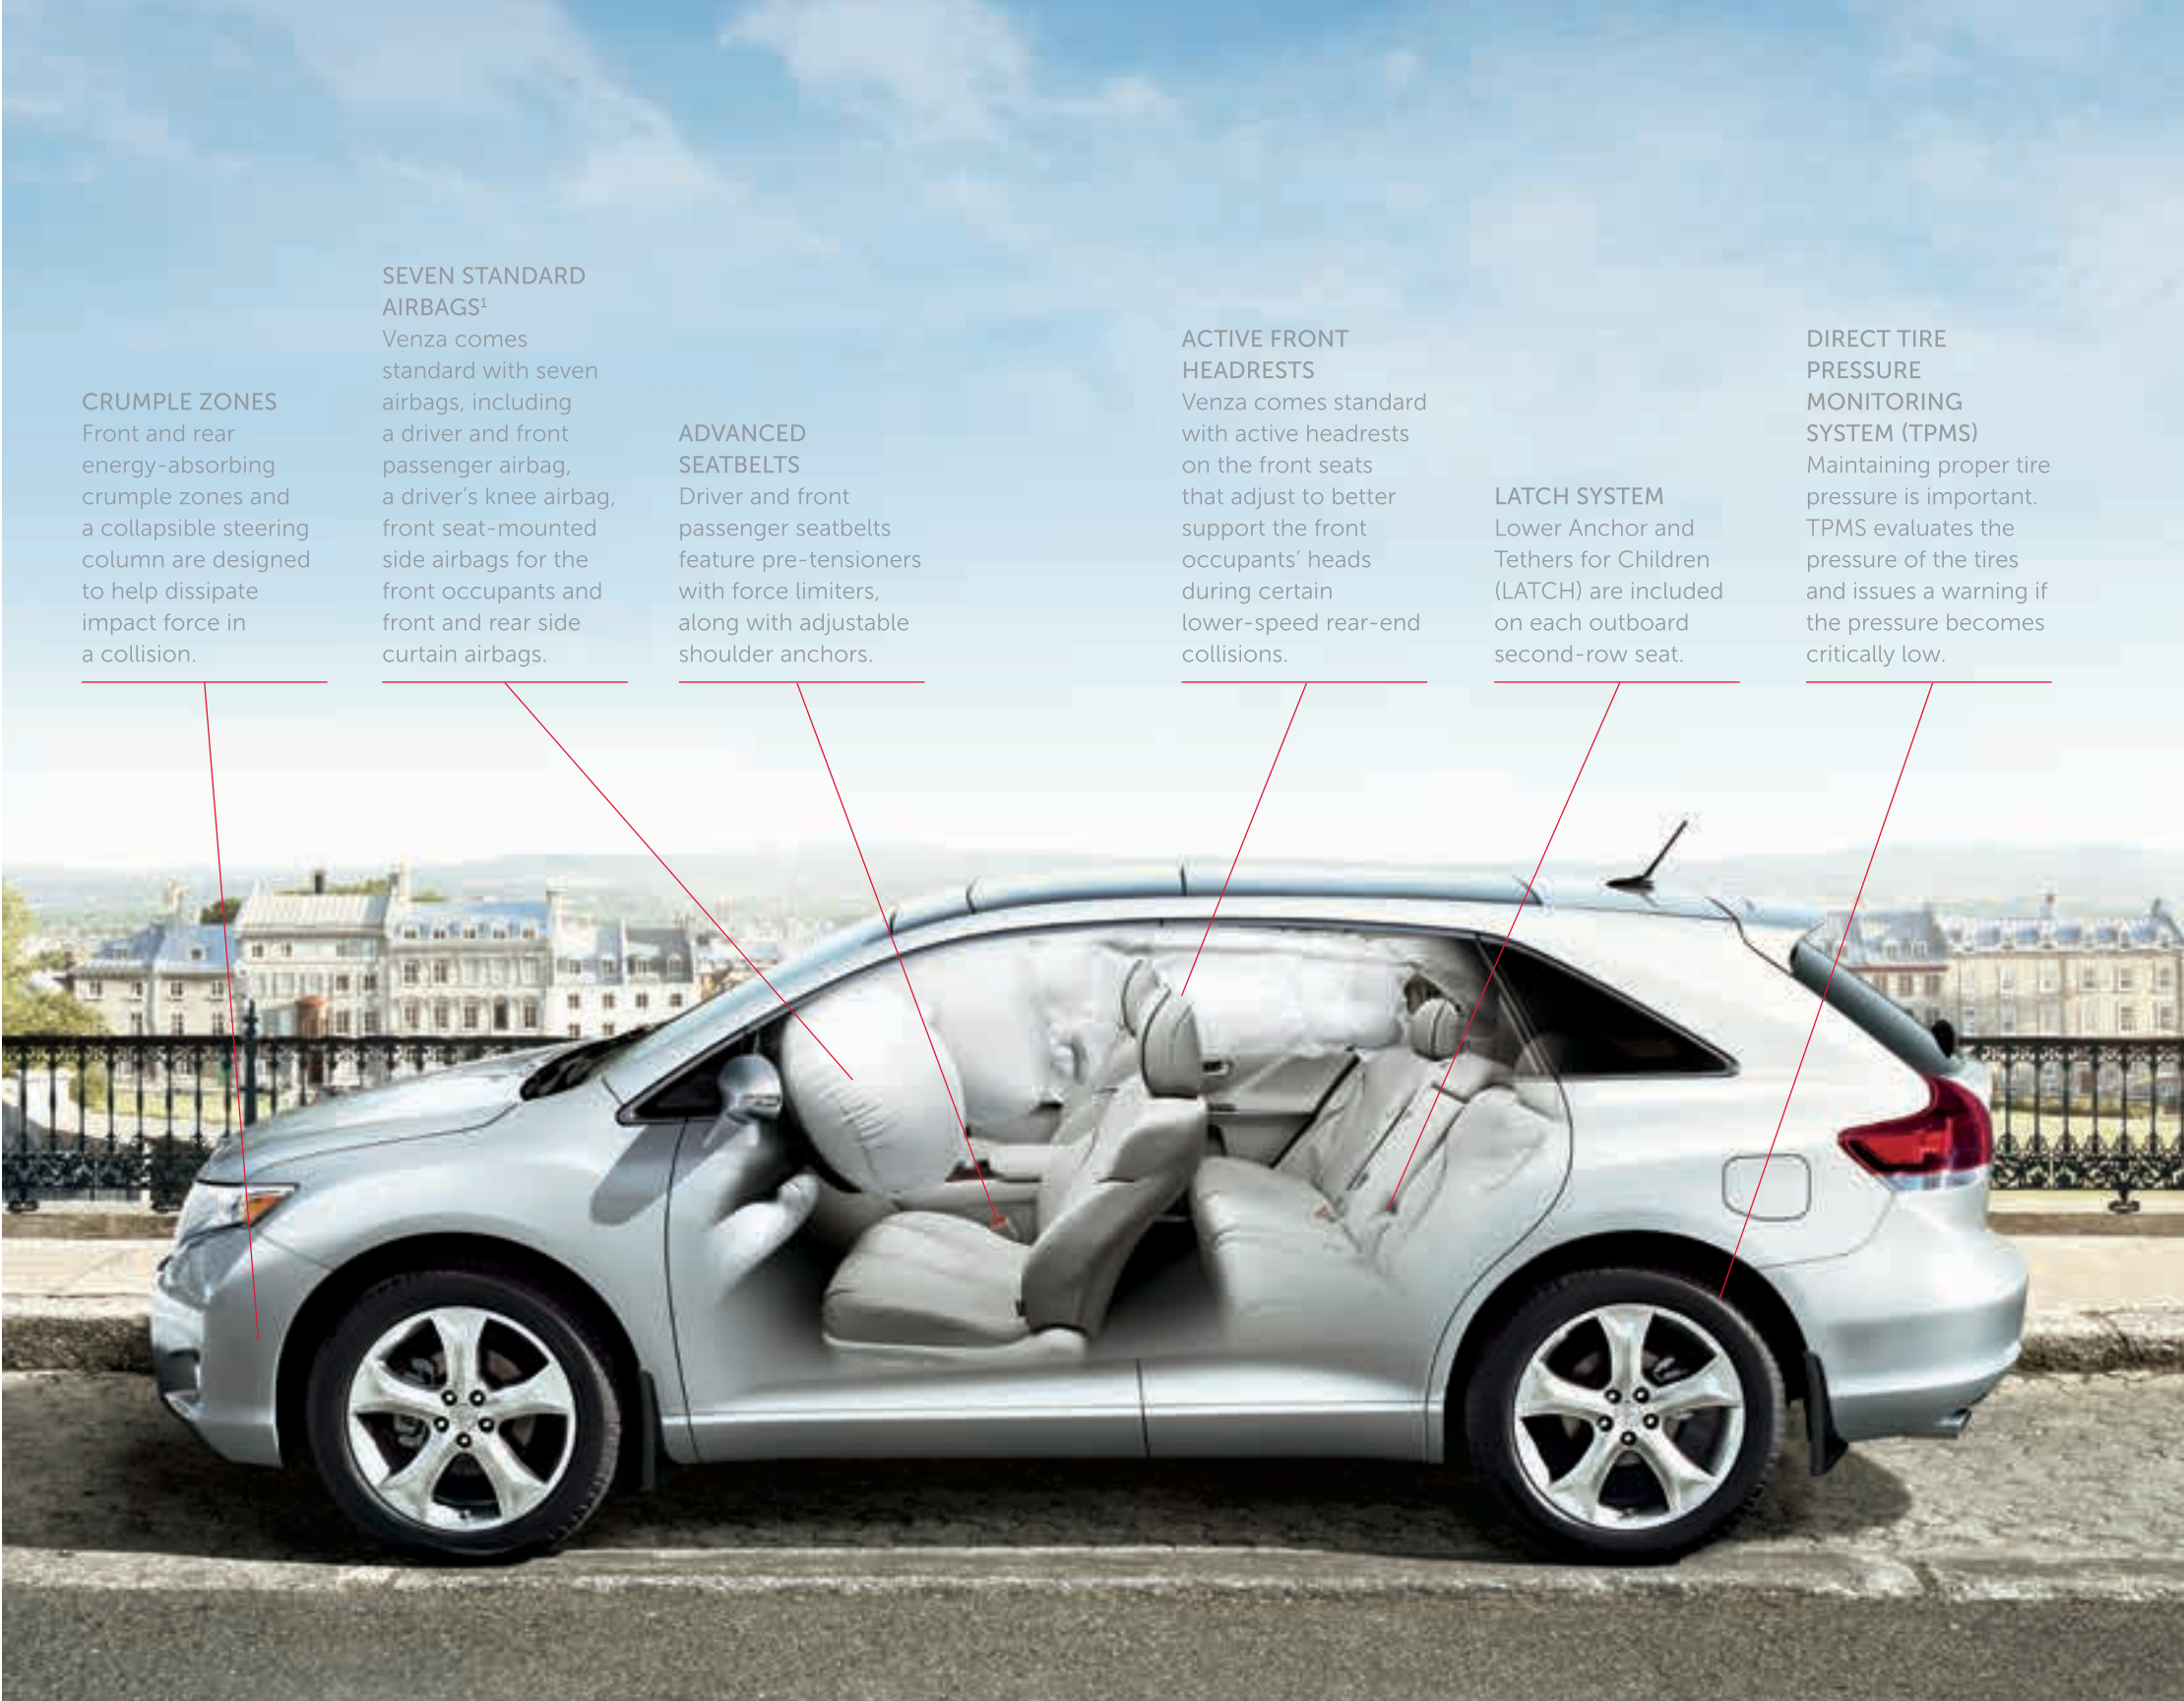

SEVEN STANDARD AIRBAGS¹
Venza comes standard with seven airbags, including a driver and front passenger airbag, a driver’s knee airbag, front seat-mounted side airbags for the front occupants and front and rear side curtain airbags.

ADVANCED SEATBELTS
Driver and front passenger seatbelts feature pre-tensioners with force limiters, along with adjustable shoulder anchors.

ACTIVE FRONT HEADRESTS
Venza comes standard with active headrests on the front seats that adjust to better support the front occupants’ heads during certain lower-speed rear-end collisions.

LATCH SYSTEM
Lower Anchor and Tethers for Children (LATCH) are included on each outboard second-row seat.

DIRECT TIRE PRESSURE MONITORING SYSTEM (TPMS)
Maintaining proper tire pressure is important. TPMS evaluates the pressure of the tires and issues a warning if the pressure becomes critically low.

2014 Venza comes standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place.

- VSC** **VEHICLE STABILITY CONTROL**
Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.⁵
- TRAC** **TRACTION CONTROL**
Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).
- ABS** **ANTI-LOCK BRAKE SYSTEM**
Prevents brakes from locking up by “pulsing” brake pressure to each wheel to help you stay in control in emergency braking situations.
- EBD** **ELECTRONIC BRAKE-FORCE DISTRIBUTION**
Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.
- BA** **BRAKE ASSIST**
Detects sudden or “panic” braking and adds the full pressure needed to help prevent a collision.⁶
- SST** **SMART STOP TECHNOLOGY**
Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.⁷

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit toyota.ca for more details.

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply start and finish with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across the country fund non-profit programs that work to make a difference for Canadians through direct community involvement.

As part of our ongoing commitment to the environment and education, we established the Toyota Evergreen Learning Grounds program. This program is designed to transform Canadian school grounds into natural learning environments so that students can have a healthy place to play, learn and develop a genuine respect for nature. We also support Special Olympics Canada, which helps athletes reach their full potential through participation in events from a local to a national level.

Visit us at [toyota.ca](https://www.toyota.ca) to learn more about our programs and commitment to build a better tomorrow for Canadian communities – today.
